# Hilo

Product Manager • Product vision & delivery | 2022–2026

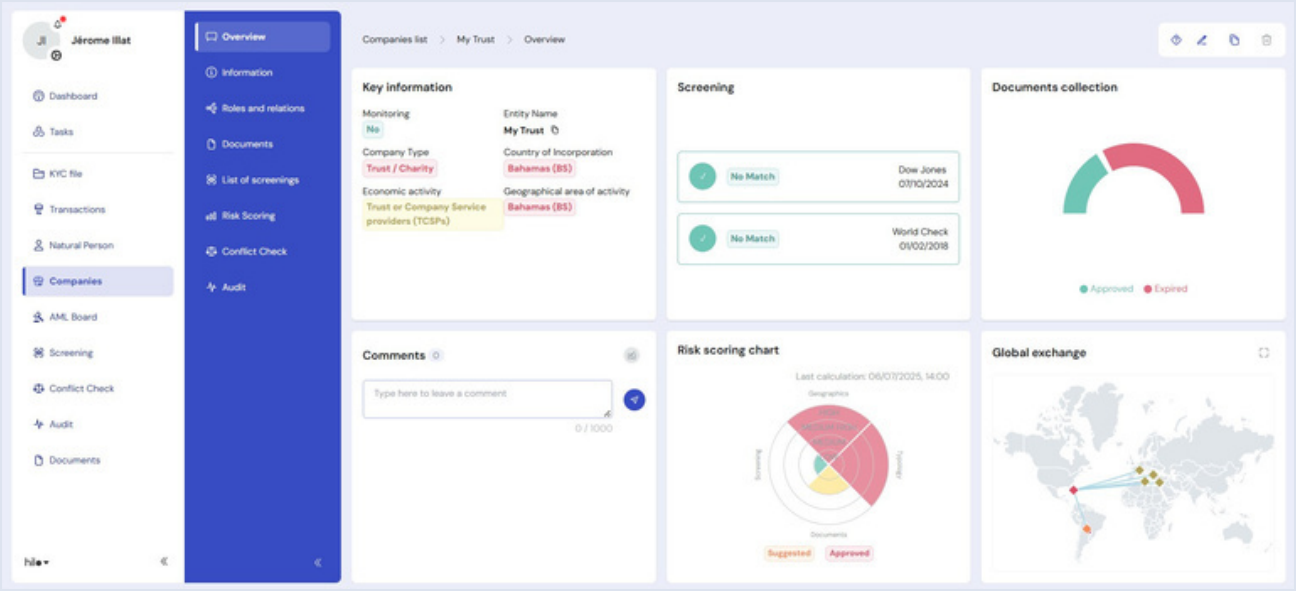

**AWARDS BY CHARTIS RESEARCH · LONDON, UK**

**2025 Financial Crime and Compliance50 — Top 50 worldwide; Legal & Securities category wins**

**2026 Market Disruptor; Legal and Professional Services category winner**

## THE CHALLENGE

Legal teams need a way to assess complex clients, entities and ownership structures against their own AML/KYC policies, while keeping decisions traceable.

Client review: screening, document status and policy-based risk scoring.

## WHAT I LED

I led Hilo's product vision, roadmap and delivery with legal, compliance, design and engineering teams. I also managed branding, marketing and go-to-market. Product work covered policy-based risk scoring, screening integrations, ownership structures and legal-practice workflows.

## EVIDENCE AND SCOPE

Hilo was deployed across two internal entities. The public product site states it has been live at Arendt since October 2023.

## PRODUCT TECHNOLOGY STACK

Microsoft Azure · Java · JavaScript / React · PostgreSQL · Neo4j · Docker · Kubernetes
